**FAO STORE MANAGER**

To Local Business Partners,

At Brynteg School, we are planning an initiative this December to encourage good attendance and support our pupils during the festive season. Attendance often dips at this time of year, so we hope to motivate pupils with small rewards such as vouchers and donated gifts.

We are also keen to ensure our more vulnerable pupils feel cared for, with access to vouchers or thoughtful gifts that make this time of year a little more special.

We would be very grateful if your business could support us by contributing vouchers or gifts. Any help will make a real difference to our pupils and families. We will happily acknowledge your support via our school website and through other communications with parents, to show our appreciation and highlight your contribution to the community.

If you feel you can support, please get in touch either by contacting the school directly (01656 815559) or by emailing: [owenss52@hwbcymru.net](mailto:owenss52@hwbcymru.net)

Thank you for considering this request and for the support you give to our school.

**Brynteg School Team.**
