

Gyrfa Cymru Careers Wales

Dear Parents/Carers,

I wanted to introduce myself and explain my role in supporting your child over the next school year.

My name is Christine, I am the careers adviser at Brynteg. I support all pupils to think about their next steps after Year 11, understand their options and explore potential next steps and careers that may suit them or interest them. This helps students to ensure that they are choosing the best qualification path for their chosen careers and interests.

Over the remaining school year and going forward into Year 11 I will be meeting with all pupils. All pupils have met me in Year 9 and recently in Year 10 when they completed a careers survey sharing their current thoughts and ideas for their future options. I am now beginning to meet pupils in small groups or individually.

If you would like to support your child thinking about their next steps you will find lots of useful information here:

If you have any questions, or would like to have a chat feel free to contact me either by phone or email.

Christine Hopes
