

Dear Parents and Carers,

The weather forecast for next week is currently predicting temperatures of above 25°C throughout the week.

As a result, pupils will be permitted to wear their Brynteg PE kit to school for the duration of next week. It is important to stress that this is not a non-uniform arrangement. Pupils are expected to wear their official Brynteg PE kit and not other casual clothing.

Please note the following expectations:

- **Pupils must wear Brynteg PE kit only.**
- **Pupils must wear suitable sports trainers. Crocs, sliders, leisure shoes and similar footwear are not permitted.**
- **If pupils have a PE lesson on a particular day, they may bring an additional T-shirt to change into if they wish or simply wear the PE kit they have worn to school.**
- **Shorts must be of an appropriate length. As with PE lessons, shorts should not be excessively short and should extend to at least halfway down the upper leg.**
- **Nike Pro shorts, or similar shorts are not permitted.**

Further guidance regarding PE kit expectations can be found on the [school website](#).

Pupils who do not attend in appropriate school uniform or approved Brynteg PE kit will be placed in the Ready to Learn Room and parents and carers will be contacted and asked to bring suitable clothing to school. This includes situations where shorts are deemed to be inappropriate.

These arrangements will remain in place for the whole of next week unless the weather forecast changes significantly.

Thank you for your continued support.

Kind regards,

Edward Rees  
Assistant Headteacher
